**Purpose:** Black Jack Flow Chart with  
Classes

**System Libraries**

I/O Objects  
C Time  
iomanip  
cstring  
fstream  
Standard Namespace

**User Libraries**

Deck.h  
Player.h  
Hand.h

**Global Constants**

none

**Function Prototypes**

void wrtBin(fstream &, Player \*)  
Player \*readBin(fstream &)  
void print(Player \*)  
void endStats(Player \*)

main

Set Random seed  
srand(time(0))

**Declare variables**

int size, int deckSiz, int index,  
char input, int betAmt, fstream  
binFile, Player \*user, Player  
\*dealer, Deck deck(deckSiz)

Declare and  
initialize out of  
loop

input = 'n'

A
